

HEINOLA DRYING KILNS

NORDIC EXPERTISE IN WOOD DRYING

FEATURES AND BENEFITS

- Heavy-duty stainless steel wall panels up to 2,4 m in width.
- Drying kiln capacities up to 70.000 m³ per year.
- Safety is of utmost importance – double security for kiln doors and load presses.
- All service from the kiln attic – hot water nozzle pipes, temperature sensors, cylinders and motor greasing pipes.
- Flexible and user-friendly HEINOLA Drying Kiln Control System based on Nordic expertise in wood drying.
